Electrical Students Put Their Skills to Action

Students in the Electrical trade are gaining valuable hands-on experience while helping improve campus operations and preparing for future career opportunities. Under the leadership of instructor David Harris, students recently tested lighting systems around the center to ensure fixtures were operating properly and replaced them as needed

In addition to campus projects, students are also building skills that will prepare them for upcoming projects at Camp Kamassa. Training activities will include working with conduit and underground materials

Dear Adams and Associates Staff,

The company believes strongly in staff development, internal promotions and upward mobility. This applies to opportunities at your current location as well as at all other Company locations! If this interests you, please review the list below of management openings at all of our Company locations. Depending upon the position, level of responsibility and location the Company may be able to provide some relocation assistance to support a transition to a new position at a different site.

If you are interested in applying, please contact your local Human Resources Department to complete the internal application process.
Good luck!

Susan Larson
President

APPLY NOW!

**** VACANCIES LISTED ARE AS OF LAST FRIDAY AND MAY NOT REFLECT CURRENT AVAILABILITY.**

ABOUT THE CENTER

The Mississippi Job Corps is located on 32 acres in a residential neighborhood of Crystal Springs, Mississippi. The Center is operated by Adams & Associates (under contract from the U.S. Department of Labor's Office of Job Corps).

The Center serves 277 residential students and 15 non-residential participants. It offers the program participants the opportunity to obtain their High School or Equivalency Diploma, as well as Career Technical Training in seven career areas. Additionally, the Mississippi Center partners with the Copiah County and Hazlehurst School Districts to support the vocational training needs of high school students. While the majority of students are recruited from Copiah and Hinds Counties, the Center recruits from 17 counties in total, including Adams, Madison, Yazoo and Warren counties.

Students at the Mississippi Job Corps Center are actively involved in community activities and have maintained consistent engagement with local agencies including the Copiah County Sheriff's Office, the Mississippi Toughest Kids Foundation, and Camp Wesley Pines.

Employer Partners: The Mississippi Job Corps Center has established linkages with the Copiah-Lincoln Community College, Copiah County School District, Hazlehurst School District, the Crystal Springs Police Department, Pine Crest Guest Home, American Medical Response Inc., and TRiO Educational Opportunity Center. The Center continues to actively engage other local workforce entities to develop partnership opportunities to support our students' career placement needs.

Community Partners: The Center works closely with community partners to support students' community engagement and volunteer activities. These include but not limited to Dress for Success, the Copiah County Sheriff's Office, The Mississippi Toughest Kids Foundation, Camp Wesley Pines, The City of Crystal Springs, American Medical Response, and Jackson-Hinds Comprehensive Health Center.

Key Contacts:

Center Director: **James Harris (601) 892-3348**
Enrollment/Placement Manager: **Tawanna Washington – (601) 320-4290**

#Showcasing Success

Prime Painting

Brunswick IUPAT Painting graduate Jordan Moore has brightened his prospects through an apprenticeship with **IUPAT Local Union 193**. Jordan will start at \$20.99, with opportunities for increases as he expands his skill set. He arrived at Job Corps after graduating from high school and not knowing what to do next. "I made the decision that I wanted to make a difference in my life," Jordan said. He chose painting for the atmosphere and quickly got to work. "My instructors gave me real job experiences, and it helped prepare me for my career as an Apprentice Painter," he said.

Destination WBL

Exeter is cooking up summer success with its valued seasonal WBL partners, **George's of Galilee** and **Bonnet Shores Beach Club**. Both are well-known tourist destinations and will allow Advanced and Basic Culinary students to hone their skills in a fast-paced customer-focused environment. Participating students include **Se'jada Greene, Jonathan Santiago, Juwan Lyons, Xiveal Codero, Mea Moore, Myasia Anderson, Emma Pierre, Najaiah Calloway, Xavier Febus** and **Euniecia Lanfond**. Keep excelling, X-Men!

From AI to Bizzell

AI is A-okay with **Woodland**, which participated in an AI Learning Lab hosted by **Bizzell**. The session emphasized the importance of AI in modern careers and introduced AI prompting techniques and best practices. Students explored real-world applications through a robot demonstration and drone presentation. At the conclusion, students earned a Trust Certification, recognizing their foundational understanding of responsible AI use in professional settings. Wonderful work, Warriors!

From the President, Susan Sez

I'm proud of all the recent efforts our Centers have made to connect to defense industry priorities, including the **Submarine Industrial Base Program**. From inviting maritime industry partners such as **Ingalls Shipbuilding, Electric Boat and Portsmouth Shipyard** to career fairs to hosting to hosting Space Force representatives, Centers have demonstrated Job Corps' dedication to this vital industry. Most recently, **New Hampshire Aerospace Defense Consortium Director Randy Makee** made a repeat visit to the **New Hampshire Center** to discuss exciting opportunities within the aerospace industry. **Adams** remains committed to ensuring students are prepared to support the national security mission and that our Centers are working with key defense industry partners.
