The Glenmont Times

CELEBRATING OUR 2026 GRADUATES

Glenmont Job Corps held its annual graduation ceremony yesterday afternoon, bringing students, staff, and members of the Glenmont Job Corps community together to celebrate the hard work and accomplishments of the graduating class.

The ceremony featured speeches from student speaker Emany Perez and community speaker John Johnson, who shared words of encouragement and support with the graduates as they begin their next chapter.

Graduates were presented with their diplomas as they celebrated this important milestone. Students from other trades and academic classes also attended the ceremony to show their support and celebrate alongside their fellow students.

At the end of the ceremony, students were given roses to present to staff members who had made a positive impact on their time at Glenmont Job Corps. It was a thoughtful way for students to show their appreciation to the staff who supported and encouraged them along the way.

Refreshments were also served by our Culinary students, who helped make the celebration special for graduates, staff, and guests.

Congratulations to all of our graduates! We are proud of what you have accomplished and wish you continued success in your future.

FM STUDENTS GIVE CTT BUILDING A FRESH LOOK

Facilities Management (FM) students recently rolled up their sleeves and put their skills to work as they helped remodel the CTT building.

Working together, students took part in hands-on projects including painting walls, preparing surfaces, and improving the overall appearance of the building. The project gave them a chance to apply what they have learned in the classroom while gaining real-world experience in maintenance and renovation.

Throughout the project, students worked carefully and cooperatively to help transform the space. They showed their dedication and willingness to learn while building important skills in communication, problem-solving, safety, and working with others.

The CTT remodeling project is a great example of students learning by doing while making a positive impact on their school community.

We are proud of the hard work and dedication the FM students demonstrated throughout the project!

HSD GRADUATES OF THE WEEK

We are proud to celebrate **Sincere Dow and Duwayne Head** on reaching an important milestone: earning their high school diplomas!

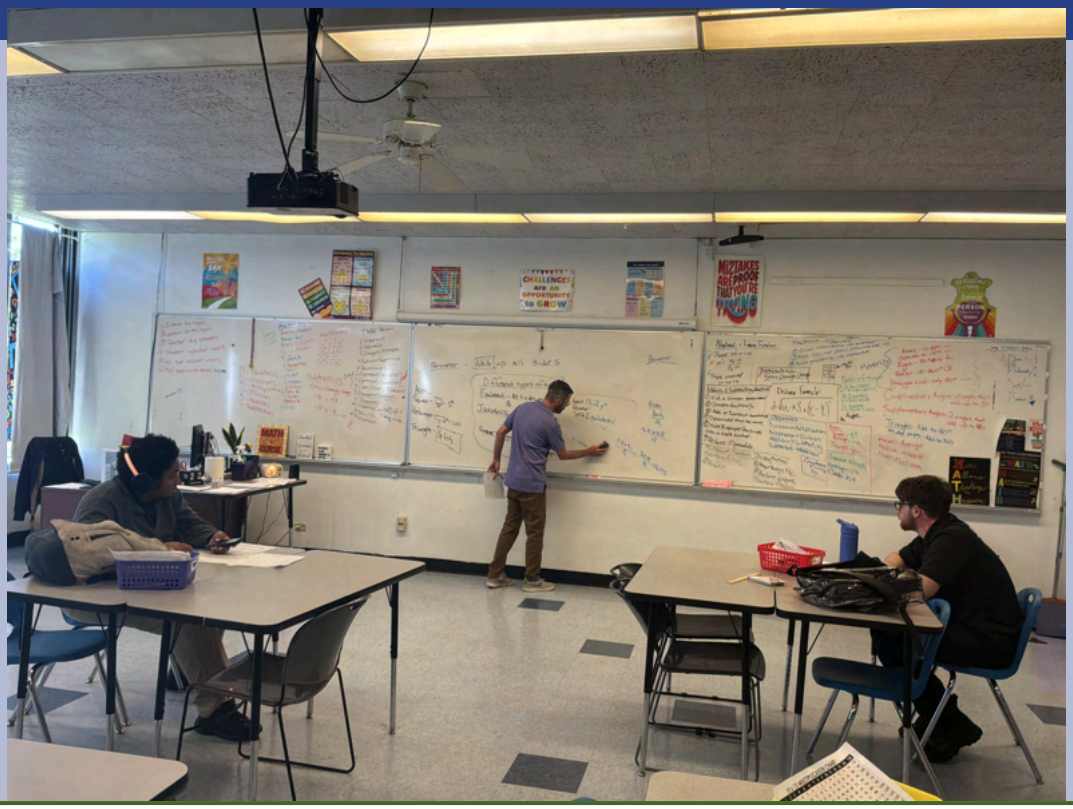

Their graduation represents years of hard work, perseverance, growth, and determination. As they close one chapter of their educational journey, they are now preparing to take the next steps toward their future goals.

Both students have demonstrated the importance of staying focused and continuing to move forward, even when challenges arise. Their accomplishments are a reminderthat dedication and persistence can open doors to new opportunities.

Sincere and Duwayne, your school community celebrates this achievement with you and wishes you continued success as you begin this exciting new chapter.Your future is yours to build — keep believing in yourselves, setting goals, and pursuing your dreams.

Congratulations, Sincere and Duwayne, on earning your HSD!

STUDENTS CONTINUE THEIR ACADEMIC JOURNEY

Students are working hard to strengthen their academic skills and prepare for their future. Through Math, Reading, and GED classes, they have the opportunity to learn new skills and work toward their educational goals.

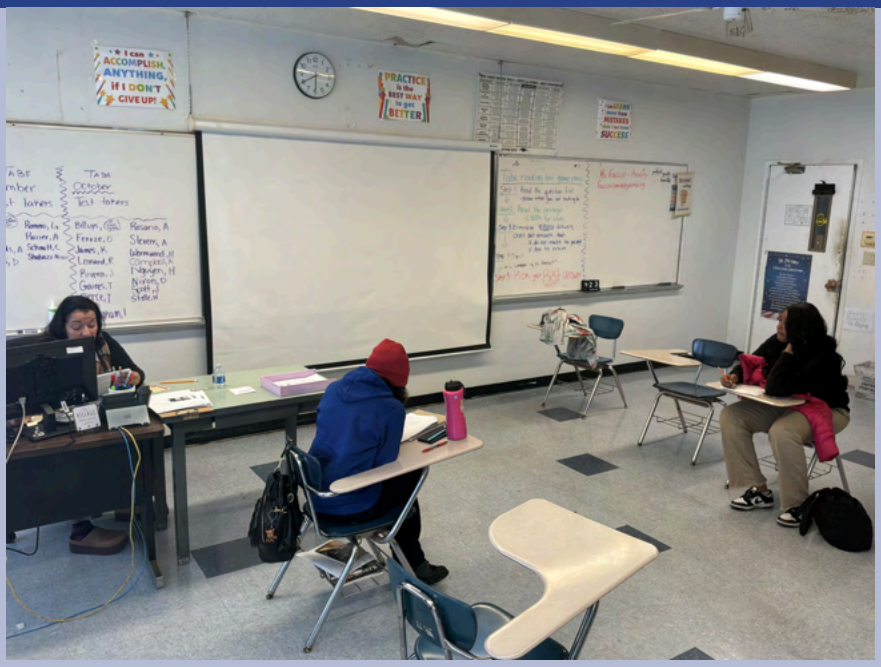

In **Math**, students build their understanding of important concepts while completing assignments with support from their instructors.

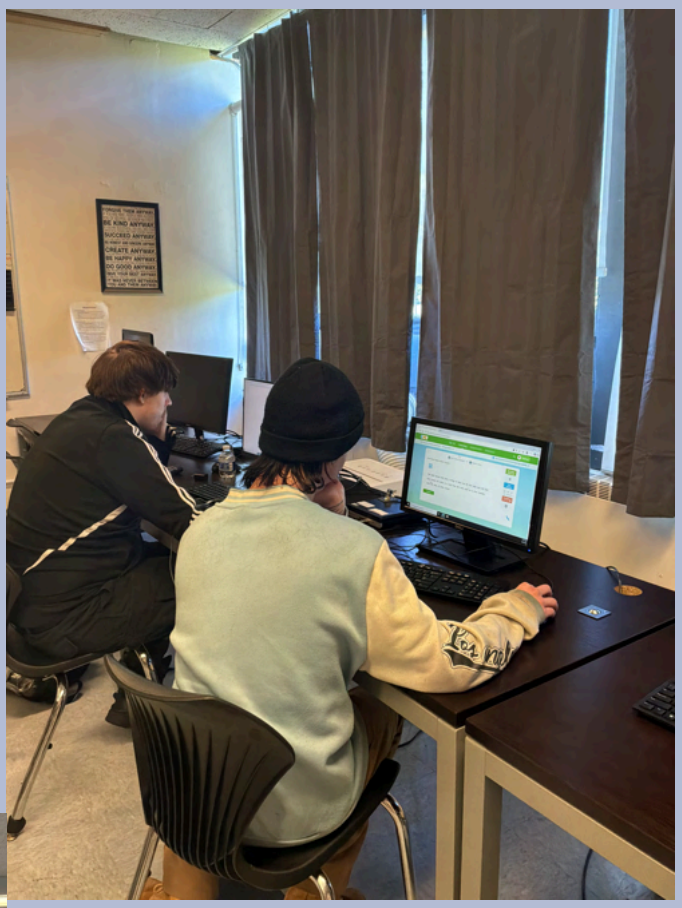

Reading classes focus on comprehension and building stronger reading skills through a variety of activities.

The **GED** class allows students to work toward earning their GED through computer-based learning. Students complete coursework, practice academic skills, and prepare for their GED exams.

Each class gives students the support and opportunity to make progress. Their hard work and dedication are helping them take important steps toward their educational and career goals.

STUDENTS CONTINUE THEIR ACADEMIC JOURNEY

#Showcasing Success

Revving up with Roto-Rooter

Grafton HBI Plumbing graduate Samuel Hargrove is rolling along with **Roto-Rooter**, having recently purchased his own Roto-Rooter van. While in Job Corps, Samuel was already identifying plumbing issues such as the clogged drain in the HBI Plumbing building, which he correct re-piped. He interned at Roto-Rooter as a drain technician, quickly leading to full-time employment. Since then, Samuel has worked toward his future goals of leading his own team and his own company. Great work, Grafton!

Union Pride

Sacramento HBI students were on their home turf, as the BCT and HVAC students visited the **Local 447** training facility. They enjoyed some hands-on training from union professionals and absorbed information about union benefits and how to apply. These visits are an important step to future apprenticeships and other union positions. Sensational trip, Sacramento!

Cleaning Up at the College

Glenmont Facilities Maintenance students are sweeping in to help the maintenance department at **Albany Sage College**. **Students Aonyaih Lewis-Fish and Amarion Stevens** visited the campus to observe live maintenance work and tour the maintenance shop. Albany Sage College has several active openings due to its upcoming merger with the **Albany College of Pharmacy**, and Glenmont students are eager to fill those workforce gaps. Great opportunity, Glenmont!

From the President, Susan Sez

Adams' New England Dream Team was up for its second adventure of the month, this time attending the Boston Region Maritime Industry Conference. **Grafton CD Nicole, Trombly, Shriver CD Stephanie Ashworth, New Hampshire CD Jessica King** and **Exeter CD Shakisha Holley**, accompanied by **Adams Associate VP Ross Peterson**, met with top workforce and community college officials from New England, along with maritime industry employers. Ms. Holley and **Exeter graduate Andreaz Morales** even participated in a presentation from **General Dynamics Electric Boat** on tying the workforce to maritime employer needs. **Job Corps leaders Erin McGee, Aneta Hrebenko and Thony Martino** also emphasized Job Corps efforts to work with maritime employers. Among the other highlights of the event was the tour the CDs took on a maritime training ship.
