- Cruz, Mike - scale score gain
- Hemos, Souvenir - scale score gain

Classroom Highlights

Advanced Literacy students participated in an email shout out project.
Check out a sample of their work!

Good Morning. I hope all is well. I am reaching out in regards of a shout-out to a wonderful teacher and counselor on campus, Ms. Suzie and Ms. Kaur.

They are amazing, accommodating, helpful, and bring positive energy on campus giving Job Corps a welcoming feel. I am grateful to work around staff just like them.

I hope they receive the recognition they deserve at a Monday morning meeting.

Thank you for your time and have a wonderful day.

Warm regards,
Alexia Verduzco

#Showcasing Success

Revving up with Roto-Rooter

Grafton HBI Plumbing graduate Samuel Hargrove is rolling along with **Roto-Rooter**, having recently purchased his own Roto-Rooter van. While in Job Corps, Samuel was already identifying plumbing issues such as the clogged drain in the HBI Plumbing building, which he correct re-piped. He interned at Roto-Rooter as a drain technician, quickly leading to full-time employment. Since then, Samuel has worked toward his future goals of leading his own team and his own company. Great work, Grafton!

Union Pride

Sacramento HBI students were on their home turf, as the BCT and HVAC students visited the **Local 447** training facility. They enjoyed some hands-on training from union professionals and absorbed information about union benefits and how to apply. These visits are an important step to future apprenticeships and other union positions. Sensational trip, Sacramento!

Cleaning Up at the College

Glenmont Facilities Maintenance students are sweeping in to help the maintenance department at **Albany Sage College**. **Students Aonyaih Lewis-Fish and Amarion Stevens** visited the campus to observe live maintenance work and tour the maintenance shop. Albany Sage College has several active openings due to its upcoming merger with the **Albany College of Pharmacy**, and Glenmont students are eager to fill those workforce gaps. Great opportunity, Glenmont!

From the President, Susan Sez

Adams' New England Dream Team was up for its second adventure of the month, this time attending the Boston Region Maritime Industry Conference. **Grafton CD Nicole, Trombly, Shriver CD Stephanie Ashworth, New Hampshire CD Jessica King** and **Exeter CD Shakisha Holley**, accompanied by **Adams Associate VP Ross Peterson**, met with top workforce and community college officials from New England, along with maritime industry employers. Ms. Holley and **Exeter graduate Andreaz Morales** even participated in a presentation from **General Dynamics Electric Boat** on tying the workforce to maritime employer needs. **Job Corps leaders Erin McGee, Aneta Hrebenko and Thony Martino** also emphasized Job Corps efforts to work with maritime employers. Among the other highlights of the event was the tour the CDs took on a maritime training ship.
